<p><b>Achievements</b></p>	<p>My main highlight since leaving school would definitely be attending university. It's such a unique learning experience both academically and in life in general!</p>
<p><b>Personal Message</b></p>	<p>My best friends that I have now are the ones I made while at school so that is something I am very grateful for! My advice to anyone would be to find out what inspires you and what you are passionate about. Try your hardest with whatever you do, so you can always say you gave something your best shot.</p> <p>I had so many great teachers while at Mill Chase who were always really encouraging and wanting me to succeed. This encouragement and hard work put in by all the staff is something I truly think the school doesn't get enough credit for!</p> <p>Your time at school is just the beginning, but it's so important to start your life on the right foot. You never know what amazing things you could go on to achieve.</p>
