Because we know all our students so well, we are able to tailor their learning activities so that their progress is accelerated swiftly. Our aim is to know your child as well as their current school does, and provide a personal learning experience for every student.

Academic & Pastoral Support

Every student has an Academic & Pastoral Mentor who maintains an overview of student progress and provides advice and guidance for continuous improvement. Many other staff work alongside the Mentor to ensure each student is happy, safe, achieving their academic potential and making the most of all the opportunities the school provides.
