

4 June 2020

Dear Parents and Carers

I hope that you had a relaxing half term break and that the home learning has got back to a good start. I have received very positive feedback from staff about how well our students are engaging with their work. We remain immensely grateful for all your efforts to encourage your children to complete this. As I have written previously, I have first hand experience of how challenging this can be on occasions, especially when we are working at the same time.

The government guidance for Year 10 was published during half term and I am pleased that our draft model fits perfectly, so we do not need to make any amendments to our planning. The plan is outlined in my letter dated 20th May which is available on our website under the section Information>Letters Home.

Student and staff safety remains the first priority. We are finalising our arrangements for ensuring that the wider opening of the site remains as safe as possible for students and staff in line with the government guidance, ahead of welcoming back Year 10. I will write to you next week to advise you of the key measures we are putting in place, along with our expectations for students.

We are really missing all of our students and are very much looking forward to welcoming the first group of Year 10 students back to school on Monday 15th June. We are also looking forward to the time when every student can return to school, whenever that may be.

Yours sincerely

Mr P. Hemmings  
Headteacher
