

5 July 2021

Dear Parents/Carers,

Humanities visit to the Jewish Museum, Camden

First, I would like to congratulate Year 8 on their exceptional work on the Holocaust. They were very mature, made excellent observations and participated in lessons with curiosity and sensitivity. Thank you for all the conversations you have had with your child as it was reflected during a fantastic 3 weeks of learning.

As you know, we have to make a decision about the Museum trip. Following discussion, we feel that it would not be the best interests of families to take Year 8 this July. We are aware that if a positive case of Covid was found after the trip, then families may have to self-isolate into the summer holidays and that would be the worse outcome as we recognise the difficult year we have all had and the need for a break.

However, we have decided to re-schedule the visit to the autumn term, most likely the first couple of weeks of October. We felt the opportunity was too important to miss out and that the children would gain an enormous amount from the day.

Therefore, I will contact you in September with the new details and we look forward to a great couple of days.

Yours sincerely,

Mrs A Sutehall
Head of Humanities
